Press Statement

Jacksonville Civic Council Condemns Antisemitic Messages

JACKSONVILLE, Fla.–

The members of the Jacksonville Civic Council (JCC) strongly condemn the antisemitic messages displayed this weekend around our community. These unacceptable acts of ignorance and hate must not be tolerated, nor will it deter the JCC from advancing our rich and long-standing tradition of interfaith and multi-cultural collaboration in business, civic and charitable activities.

As we have stated in the past, we as a community must come together and denounce all forms of racism, antisemitism, discrimination, and intimidation. JCC stands shoulder to shoulder with our Jewish brothers and sisters against antisemitism. And we will continue to promote our mutual goal of a safe, vibrant and thriving city that provides a high quality of life – and a safe and welcoming environment – for all who call it home.

About the Jacksonville Civic Council

The Jacksonville Civic Council is a non-partisan group of prominent business leaders whose goal is to help resolve community issues by studying a problem, proposing solutions, advocating for change, and providing resources and support. The mission of the Jacksonville Civic Council is to promote a fiscally responsible, economically vibrant, thriving community, that offers opportunity for all its residents.
